SUMMARY

Passionate Frontend React Developer with a strong foundation in object-oriented programming and a knack for solving complex problems. Experienced in building responsive websites and running web apps using frameworks like React and Django. Skilled in web scraping, GUI development, game creation, Python automation, and data analysis. Proficient in leveraging the power of databases and SQL, utilizing PostgreSQL and SQLite to manage and store data effectively. Adept at version control, Gits, and unit testing for seamless project management. With a background as a Sign Language Interpreter, I bring exceptional non-verbal communication skills, enhancing my ability to understand and translate user requirements into intuitive user interfaces. Combining technical expertise with creativity, I have honed my digital art and cartooning skills, visualizing and bringing to life captivating 3D characters and illustrations.

SKILLS

- **Frontend Development:** React, JavaScript, HTML, CSS, Redux, TailwindCSS, SASS/SCSS, Styled-component, Framer-motion.
- **Backend Development:** Python, Flask, Django, Node.js.
- **Database Management:** PostgreSQL, SQLite.
- RESTful APIs.
- Web Scraping.
- **Version Control:** Git and GitHub.
- Unit Testing.
- **Creative Design:** Digital art, cartooning, illustration, visualization.
- **Content Creation:** YouTube channel management, video production.
- **Sign Language Interpretation:** American Sign Language (ASL)

PROFESSIONAL EXPERIENCE

Frontend React Developer

Freelance

- Transformed clients' visions into captivating user interfaces by leveraging React and cutting-edge frontend technologies, ensuring seamless and immersive user experiences.
- Collaborated closely with clients to gather requirements, understand project goals, and offer expert advice on frontend architecture, design patterns, and best practices.
- Developed visually stunning and pixel-perfect web applications, implementing responsive designs and ensuring cross-browser compatibility to deliver exceptional user experiences across devices.
- Translated wireframes, mockups, and design concepts into fully functional frontend solutions, breathing life into creative visions with intuitive navigation, dynamic animations, and engaging interactions.

Remote

July 2022-till Date

- Conducted thorough code reviews and implemented rigorous testing methodologies to maintain high-quality standards, ensuring clean, efficient, and scalable codebases for enhanced project performance.
- Integrated RESTful APIs seamlessly into frontend applications, establishing robust communication channels between the frontend and backend to deliver real-time data updates and interactive user experiences.
- Optimized frontend performance through meticulous code optimization, caching strategies, and asset minification, resulting in faster load times and improved user engagement.
- Demonstrated exceptional problem-solving skills to overcome complex technical challenges, finding creative solutions that balance functionality, aesthetics, and performance.
- Contributed to the growth and success of the freelancer community by actively engaging in knowledge-sharing initiatives, participating in online forums, and providing mentorship to aspiring developers.

Education & Certifications

UNIVERSITY OF LAGOS

Lagos, Nigeria

B.SC/ED BIOLOGY

UDEMY CERTIFICATIONS

- COMPLETE PYTHON DEVELOPER: ZERO TO MASTERY
- 100 DAYS OF CODE: THE COMPLETE PYTHON PRO BOOTCAMP
- CHARACTER ART SCHOOL: COMPLETE CHARACTER DRAWING
